TripInsurance.com, Arch Insurance Announce Exclusive Policies

Arch's Policies Offer Major Cost Savings, Designed to be Sold Only Through TripInsurance.com

LOS GATOS, CA (May 21, 2014) – Online comparison site TripInsurance.com, which enables consumers to purchase travel insurance direct from leading carriers and save 40% or more over similar plans, today announced that A+ rated New York-based Arch Insurance Company has joined its team of nationally known travel insurance underwriters. Currently, Arch offers three policies through TripInsurance.com, all exclusive to the site and delivering such benefits as substantial cost savings and coverage features like non-medical emergency evacuation coverage, and cancellation for a terrorist incident that happens in a city on your itinerary within 90 days of departure.

All Arch policies on TripInsurance.com also come with 24-hour medical and travel assistance services, as well as 24-hour concierge services, and business assistance services. They also include e-Travel Alerts to provide travelers with late breaking news that could affect their travels. Customers can check claim status, or file new claims directly on the TripInsurance.com website.

“We’re pleased that Arch has chosen us as the exclusive provider for these policies,” said Dan Skilken, founder and CEO of TripInsurance.com. “These policies give added dimension to our site’s suite of insurance options, and this of course means more benefits for our customers. Seniors planning cruises or other costly trips will be particularly interested in the very attractive rates Arch offers.”
