Online Trip Insurance Services Launches TripInsurance.com

Lets Travelers Buy Direct from Leading Insurers and Save up to 40% or More on Travel Insurance

(Los Gatos, California, May 31, 2011) – Online Trip Insurance Services, Inc. just launched TripInsurance.com, a new website that lets consumers buy direct from the leading travel insurers and save up to forty percent or more on travel insurance. Exclusive consumer direct pricing with the leading travel insurers provide lower prices for comparable coverage available elsewhere – lower than other comparison sites or agencies. By better organizing quote results, the new website makes it easier to choose travel insurance policies that fit both budget and coverage needs. TripInsurance.com offers customer service before, during, and after the sale. Telephone support is available seven days a week to help buyers select a plan, and claims can be filed on-line at the website, or can be handled over the phone with TripInsurance.com’s representatives.

TripInsurance.com has exclusive contracts with the leading travel insurers that let consumers buy travel insurance policies, at a savings of up to 40% or more. The site offers plans from United States Fire Insurance Company, Old Republic Insurance Company, Nationwide Mutual Insurance Company and BCS Insurance Company. “We wanted to make it cheaper and easier to buy travel insurance,” said Dan Skilken, founder, President and CEO of Online Trip Insurance Services. “With more organized quotes and great customer service, we help take the hassles out of buying insurance.”

To make it easier to choose a plan, quote results are grouped in three categories by price and coverage features – Good, Better, and Best. Each insurance company has provided a policy for each coverage group. The Good policies are ideal for persons looking for basic protection at an economical price. Better plans provide a good combination of coverage and price, and fit the needs of most travelers. The Best plans offer the most extensive coverage and include features such as Cancel for Any Reason. Detailed side-by-side comparisons help people easily select the right coverage for their budget.

TripInsurance.com offers customer service before, during, and after the sale. Representatives are available seven days a week to help select and purchase a policy. All the plans offer 24-hour concierge travel assistance services while traveling. TripInsurance.com even provides on-line claims reporting. Customers can enter claims from the same location they purchased the insurance, for better support and less confusion in the process.
